FUNCTION PACKAGES

We would be happy to tailor a package to suit your requirements.

Please contact us to discuss the many options available.

We cater for all types of functions. Be it a small casual gathering, a corporate event, or a bells-and-whistles party, we're there! Whatever your needs, we tailor the right function for you.

From making sure your group of friends won't have a problem at the door on a busy weekend evening to having your own private area for that milestone 30th birthday, to taking over the entire venue for your next corporate function, the team at The Social can come up with the package to suit your specific requirements. If you can't find the information you require here, send us an email.

The perfect blend of bar and lounge has many advantages, although such a space comes into its own when the requirements of most function types are taken into consideration.

Even if you can't find the information you need, give us a call anyway! You never know what handy piece of advice we can provide for that special event, even if you decide to have it somewhere else. And just because we don't open the doors until 5pm, there's usually always someone helpful around to answer your email during the day.
